After an exciting chase down Magoffin avenue two Mexicans, alleged to have burglarized the home of Jack Bonplais, 1623 Magoffin avenue, were captured Saturday noon by mounted officers.

Bonplais had returned to his home for lunch. Just as he was entering the yard he saw two Mexicans running away, each carrying a bundle of clothes. Bonplais gave chase, yelling at the Mexicans as he ran.

Three Jota Chase.
This attracted the attention of J. M. Martin, who was mounted and immediately followed. The two Mexicans had a good lead and were gaining when mounted officers T. M. York and J. B. Thompson entered the chase and soon captured the pair.

At the police station the Mexicans gave their names as Ignacio Dominguez and Antonio Salalido. They were socked on charges of burglary.

The burglar entered the kitchen where he was discovered by the cook. She secured Mr. Potter's revolver and a bottle of hot water as weapons and she threw it after the fleeing burglar.

McMATH'S ATTORNEY SAYS
HE WILL SURELY BE RELEASED

Dallas, Texas, Oct. 21.—Even admitting the truth of the charges claimed by the state, our client has not violated any of the laws of Texas, said Judge J. F. Weeks, of El Paso, attorney for Archie G. McMath, of El Paso, brought here to answer to affidavits filed last Friday charging him with forgery of alleged counterfeit Villa currency. McMath, in the custody of deputy sheriff B. R. Shankles and accompanied by his attorney, arrived Thursday.

Judge Weeks stated that the defense would insist that the charges are without foundation. "In the first place," said Judge Weeks, "Mr. McMath is regarded as one of the best citizens of El Paso and has never before been prosecuted on any felony charge."

McMath expects to furnish bond, which has been fixed at \$5000. The filing of the charges followed an investigation by the county attorney after approximately \$1,000,000 of alleged counterfeit Villa money had been turned over to him.

THOUSANDS APPROPRIATED
FOR THE AID OF INDIANS

Tucson, Ariz., Oct. 21.—In addition to the regular maintenance allowance made by the government for the Indians of Arizona, appropriations totaling \$91,800 have been made by congress for the Papago Indians of southern Arizona. This has been done largely through the efforts of the Arizona representatives in congress. Senator Ashurst is chairman of the committee on Indian Affairs. Representative Carl Hayden is a member of the house committee on Indian Affairs.

The total fund includes a special appropriation of \$8000 for the San Xavier reservation, near here, to be expended in various necessary ways; \$25,000 to be used for the development of the water supply for the nomadic Papago Indians southwest of Tucson; \$50,000 for the establishment of day schools, and \$15,000 for the establishment of a hospital.
